Sea Freight Service Portfolio

(Key Services & Niche Products)

GML's approach ensures reliable & speedy shipment of goods. Our philosophy is to make shipping simple for our clients so they can fulfill the needs of their valued customers globally. Our duty is to simply connect

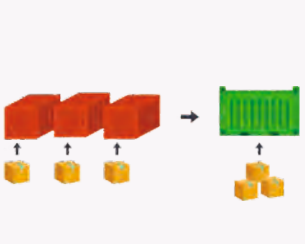

- Less than Container Load (LCL)
- Buyer's consolidation
- Cross Trade (Triangle Shipments)
- Handling at destination: Custom clearances, door-to-door deliveries
- Intermodal services
- Industry specific solutions (Reefer / Haz)
- Project Logistics
- Full Container Load (FCL)

Sea Freight Solutions

LCL Sea Freight

Combination of shipments from different suppliers to different vendors

Buyers Consolidations

Combination of shipments from different suppliers to one vendor in one container

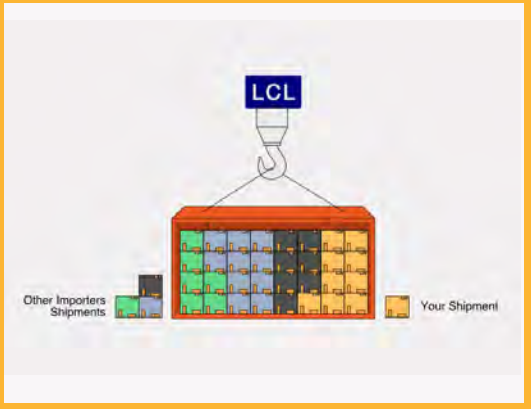

FCL Container Shipments

Full container from supplier to vendor

Less-than Container Load (LCL)

- When you don't have enough cargo for a full container, you need our Less-than Container Load (LCL) service, which consolidates cargo & gets your shipment moving without delay.
- We offer LCL departures from all major ports across the world

LCL Services

- Cargo of multiple clients combined in one container.
- Containers are loaded & unloaded by GML & GML Associates in departure & arrival port.
- Seamless connection with customs handling, pickup & delivery.

Smooth and Reliable Sea Freight Solutions for Full Container Loads (FCL)

- Looking for efficient and cost-effective shipping options for your full container loads? Look no further! Our sea freight services offer seamless solutions for your cargo transportation needs.

FCL Services

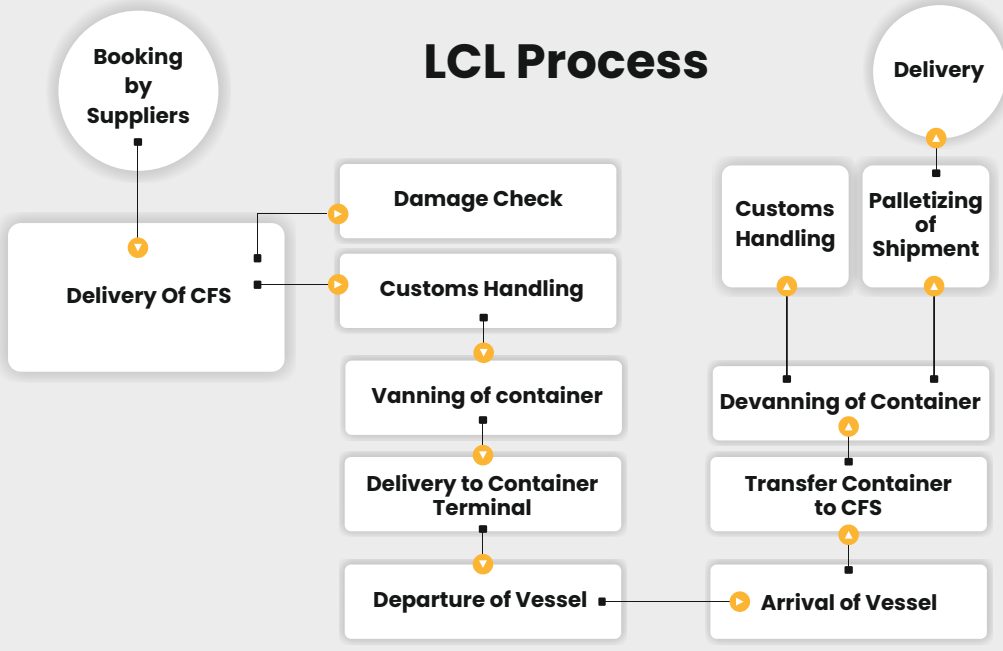

- **Extensive Coverage:** Our full container load services in sea freight provide coverage to major ports and destinations worldwide.
- **Container Options:** We provide a range of container options, including standard, refrigerated, and specialised containers.
- **Risk Management:** We prioritise cargo safety and implement risk management measures to protect your goods during transit.

GML LCL We Simply Connect

- At GML, we know the importance of helping our customers meet their promises and their deadlines. That's why when you ship with GML services, you ship with certainty.
- The LCL business works on the basis of consolidating several smaller shipments either from different shippers and/or different consignees into one container.
- You will enjoy a simple flat ocean freight rate per CBM or TON for the actual shipment size booked. GML operates as a Non-Vessel Operating Common Carrier (NVOCC).
- GML is a Multimodal Transport Operator (MTO) carrier, concludes multimodal transport contracts; i.e., contract involving transport by more than one mode of carriage, and for which MTO accepts liability as a carrier.

LCL Process

Booking by Suppliers
Delivery Of CFS
Damage Check
Customs Handling
Vanning of container
Delivery to Container Terminal
Departure of Vessel
Arrival of Vessel
Transfer Container to CFS
Devanning of Container
Customs Handling
Palletizing of Shipment
Delivery

Greenwich Meridian Logistics

Air cargo services offer an unparalleled global reach, connecting businesses &individuals to destinations around the world.

- Whether it's urgent shipments, oversized goods, or perishable items, our expertise in air cargo logistics ensures timely delivery and secure handling.
- We understand that every cargo shipment is unique, and we tailor our services to meet the specific requirements of our clients.
- Our commitment to safety extends to compliance with international regulations and certifications, providing peace of mind to our clients when entrusting their cargo to our services.

ISO TANKS

We are proud to announce the launch of our new agency for ISO Tanks, **with import locations in Nhava-Sheva, Mundra, and Chennai.**

- We have dedicated Empty Yards at each of our import locations in Nhava-Sheva, Mundra, and Chennai, ensuring that your ISO Tanks are stored securely until they are ready to be transported to their destination.
- The import cycle for ISO Tanks is still under development in India, and we see a huge potential market for chemical imports in the country.

Privilege

Managing logistics for renowned automotive giants like Tesla and Ferrari.

- GML handled the first Tesla Model X in India was a significant milestone in the country's electric vehicle market, which has been growing steadily in recent years.
- The transportation of luxury cars requires a high level of expertise and attention to detail, & Greenwich Meridian Logistics demonstrated this by successfully handling the transportation of 24 Ferrari cars from Jebel Ali to Italy.

Service Features

- **Freight Forwarding :**
  Sea, Air, Rail, Truck (Door to Door)
- FCL, LCL, Projects Cargo, RORO, ODC, Reefer, HAZ.
- Warehousing
- Custom Clearance
- Packing and labelling
- Military logistics

We provide solutions on comprehensive range of products and services to you to manage your international supply chain.

P.T.O

- Operating with our own, LCL network globally
- We serve more than **4,500 point pairs** with around **108 scheduled** direct sailings per week ex India.
- We serve more than **306 point pairs** with around **54 scheduled** direct sailings per week to India
- Managed from end-to-end with our own network experts, GML LCL ensures predictability in your supply chains, keeping deadlines – and promises – towards your customers.
- More direct services cutting transit times to a minimum and avoiding transhipment and double handling.
- We operate with **ISO standards.**
- We accommodate dangerous and long length goods.
- Regular status reports are **emailed to stakeholders.**
- Our **Ocean LCL** Service offers more frequency and better reliability, helping you to reduce inventory.
- It provides you with the confidence of delivering cargo on time and enables you to sell more to your customers.
- Cargo is handled & checked in our approved warehouses at all locations.

Advantages

Export and Import from more locations worldwide

Containers are monitored, from loading to arrival.

When you book a specific sailing schedule, the shipment is moved on that schedule regardless of whether the container is full.

Customs experts in nearly all countries in the network.

Online tracking tool.

Multiple departures & containers enable segregation of incompatible dangerous goods classes.

- Reliable and predictable transit times
- Direct services deliver much faster transit times compared to transhipment services
- Reduced risk of damage, miss-routing or loss.
- Flexibility, speed and efficiency.
- Improved reliability and door-to-door security.
- Access to different container sizes and multiple departures through one provider.
- Cuts the possibility of shipments being ‘rolled over’.
